About This Game

story background

In the global farm town, the villagers lived in harmony with the animals.

With the arrival of a group of exotic mysterious circuses, breaking the original harmony and peace in the farm village, the quiet animals suddenly became violent, crazy and unable to control. Some of them became huge and some even spoke. This has caused a lot of trouble for the security officers Jehan and Shirley who maintain the safety of the farm. They offered a reward to summon various bounty hunters to catch the animals while secretly investigating who controlled and changed the animals and what their purpose are.

Gameplay introduction

The game is divided into two modes: casual and competitive.

Leisure mode: Cowboys can enter the leisure mode to train their own arresting skills to earn gold coins. At the same time, they can also use their sparetime to relieve pressure. Not only that, but also can make the wide-ranging friends in the game~ leisure mode is divided into 10 , 100, 1000, 5000 four types lasso multiples, the basic gameplay by increasing their own catching lasso capture more harvest, the reward of capturing elite cattle is greater than ordinary cattle, so try to grab some big head or Gold and silver elite cattle that could accumulate more gold coins. If you capture the special grade to get higher gold coins, the higher the lasso level, the elite cows will enter the game to get higher gold rewards, such as carousel and fruit machine. Cattle, double cattle, etc. At the same time, you can also win high points through the fierce rush to participate in the bull-hunting, in exchange for rich prizes, showing personal strength and demeanor.

Athletic mode:

The competitive gameplay mainly focuses on four aspects-passion, blood, tension and stimulation. It is mainly aimed at free players, 1 yuan party, and Zhongda R players. For the fairness of the arena, the arena opening time is 9~24 pm, each time to open different competitions, and with the different times, the rewards will be more and more rich; players can only participate

in arena up to 3 times a day; advanced VIP players can purchase extra times with increased VIP level. In order to enhance the competitive of the game, the ranking competition is set in the game. The ranking of the competition reflects the comprehensive strength of each cowboy, and also can obtain the game point of the mall, high Gold coins rewards and special skin rewards.

Featured gameplay

National Arena

The Arena will open at 9-24 o'clock every day. It is the most intense place where every participant must participate and fight. You can get a lot of items and props here. The ranking of the competition reflects the comprehensive strength of each participant, so remember to attend on time!

Western treasure

Some high-intelligence animals created a five-dimensional space with criminals that want to escape forever, if you want to enter the space, you need to collect eight treasure maps to open the time and space door. It's all the criminals who have paid a lot of rewards, so we don't have to say how much the reward is !

battle for bull

Cowboys using lasso to strike a bull will trigger a battle. At this point, if more than one player attacks a bull at the same time, the player with the fastest hand speed will get a high reward from the battle. Lets see who have fastest APM.

Mini game

Every 4 hours, you can participate in a small game for free. Small games are an effective way to get props. We will also continue to add innovative games to hunters.

Game Mall Introduction:

Cowboys can buy gold coins, diamonds, renamed cards and other props in the game mall, and the cowboys who buy gold coins can also get exclusive skin that show your specialty.
